

TOOLBOX TALK for the week of March 18th, 2024.

Training

Sign up now if you need to update your MEWP training. The class is coming up on March 23rd starting at 7:30am. Also coming on April 13th at the same start time we're having another Scaffold User class for those who missed our last one. The lists below show those who need trainings.

BKMs:

We've probably all heard the three ways to do a task; The right way, The wrong way, and My way. It's easy to believe that our way is the way to do things, but in most cases, there is a way that's been proven to be both efficient and safe, this is what we call the BKM. BKM stands for Best Known Method, this means a method learned, through experience, that tells us what to do and what not to do.

What to do if we're assigned a task and aren't clear on how use a tool or how to do the task:

- Read the JHA
- Ask your foreman.
- Look to an experienced journeyman for tips and tricks.
- Ask safety.
- Don't be afraid to ask!

BKMs for common tasks will soon be available and connected to our JHAs. Always take the time to understand the best and safest way to do the task you're assigned to do.

What should we do if we're unsure about the best method for doing a task?

How does following the BKM help us?

Workers who need MEWP – March 23rd

Zeus Baltazar Miranda	Ramon Diaz
Jose Cardenas	Kevin Hunter
Jose Magana Jr	Omar Munoz
Tony Steptoe	Daniel Vazquez
John Walsh	

Workers who need Scaffold User - April 13th
